PROFILE SUMMARY

Frontend developer with hands-on experience in designing and developing scalable web applications using **React.js, Redux Toolkit, Tailwind CSS, and JavaScript (ES6+)**. Experienced in component-driven architecture, state management, and reusable UI design. Proficient in Tailwind CSS for crafting clean, accessible, and performance-optimized layouts. Skilled in integrating REST APIs, handling authentication flows, implementing role-based UI rendering, and delivering secure, maintainable, production-ready frontend applications in Agile environments.

TECHNICAL SKILLS

Programming Languages: JavaScript (ES6+), HTML, CSS
Libraries & Frameworks: ReactJS, Redux, Tailwind CSS, Bootstrap
Tools & Platforms: Git, Github, Vercel, Render, Visual Studio, VS code
Concepts: Component-driven Architecture, State Management, Reusable UI

PROJECTS

Voyagear: e-commerce store | *React.js, Redux, Tailwind.CSS*   *2025*

- Designed and developed a fully functioning e-commerce store focused on selling traveling and hiking products.
- Implemented role based authentication for admin and user.
- Used **JSON Server** as mock Api to store dynamic data and Tailwind.CSS for interctive and responsive UI.
- Used **Axios** for advanced http requests.
- Followed **component based architecture** by using **React.js** and enhanced user experience by implementing optimizing techniques like **Lazy loading, pagination and memoization**.
- Applied basic e-commerce functionalities like add-to cart, add-to wishlist, orders history, order status updation, user-blocking systems.

PROFESSIONAL EXPERIENCE

Full Stack Developer Intern — Bridgeon Solutions LLP, Calicut   *Sep 2025 – Present*

- Worked collaboratively with developers, designers and senior professionals in office settings.
- Acquired deep skills in frontend languages, also completed a e-commerece project to showcase the skills.
- Built responsive user interfaces using Bootstrap and Tailwind.CSS.
- Participated in requirement discussions, implementation, testing, debugging and bug fixing

EDUCATION

Bachelor of Computer Applications (BCA) — Grace Valley College of Arts and science   *2022 – 2025*
University of Calicut
